

# Air Conditioning gas top up and full vehicle bacterial treatment only:

It's recommended that Air Conditioning is serviced every two years, as it can lose up to 20% of its refrigerant annually.

Did you know the average car has more than 21 BILLION bacteria growing at any one time, more than the average toilet seat!\*

\*As tested by Auto Express

**£39.99**

Full retail: £80  
That's half price!
